All Governors attend a Governor's meeting once every half term. (6 meetings a year). There is a Governor's Year Planner which ensures that all statutory responsibilities are met and policies are reviewed regularly on a rolling programme.

A separate Finance Committee meets twice a year to set and monitor the school budget and review staff pay following appraisals.

Three Governors attend the Headteacher's Performance Management supported by an external School Improvement Partner.

Committees of three Governors are appointed to deal with complaints, appeals, exclusions, disciplinary issues, grievance or staff capability if necessary.
